Deployment

H-index - Rectors of Czech Universities - 31. 12. 2024

Intellectual property protection

- 213 active patents (by far the largest number in our country)
- Skoda Auto, a subsidy of Volkswagen, held the second place with 141 patents).
- CTU has a patent office, offering full service for inventors.
- CTU License fund helps to meet costs of patent fees.
- New inventions are reported by the inventors directly from their desks using our in-house information system (EZOP).

Open Science 2.0/Open Access

- Our **Data Stewardship Wizard** originally started as part of the ELIXIR CZ infrastructure services provided by the Czech Technical University (CTU).
- Evolved into a widely recognized and adopted tool for data management.
- Adopted by the entire European ELIXIR infrastructure
- ELIXIR Recommended Interoperability Service status.

Quantum

- Leaders in CZ quantum
- Qubits provided by IBM
- Emerging, top urgent

Science and HE share in CZ budget

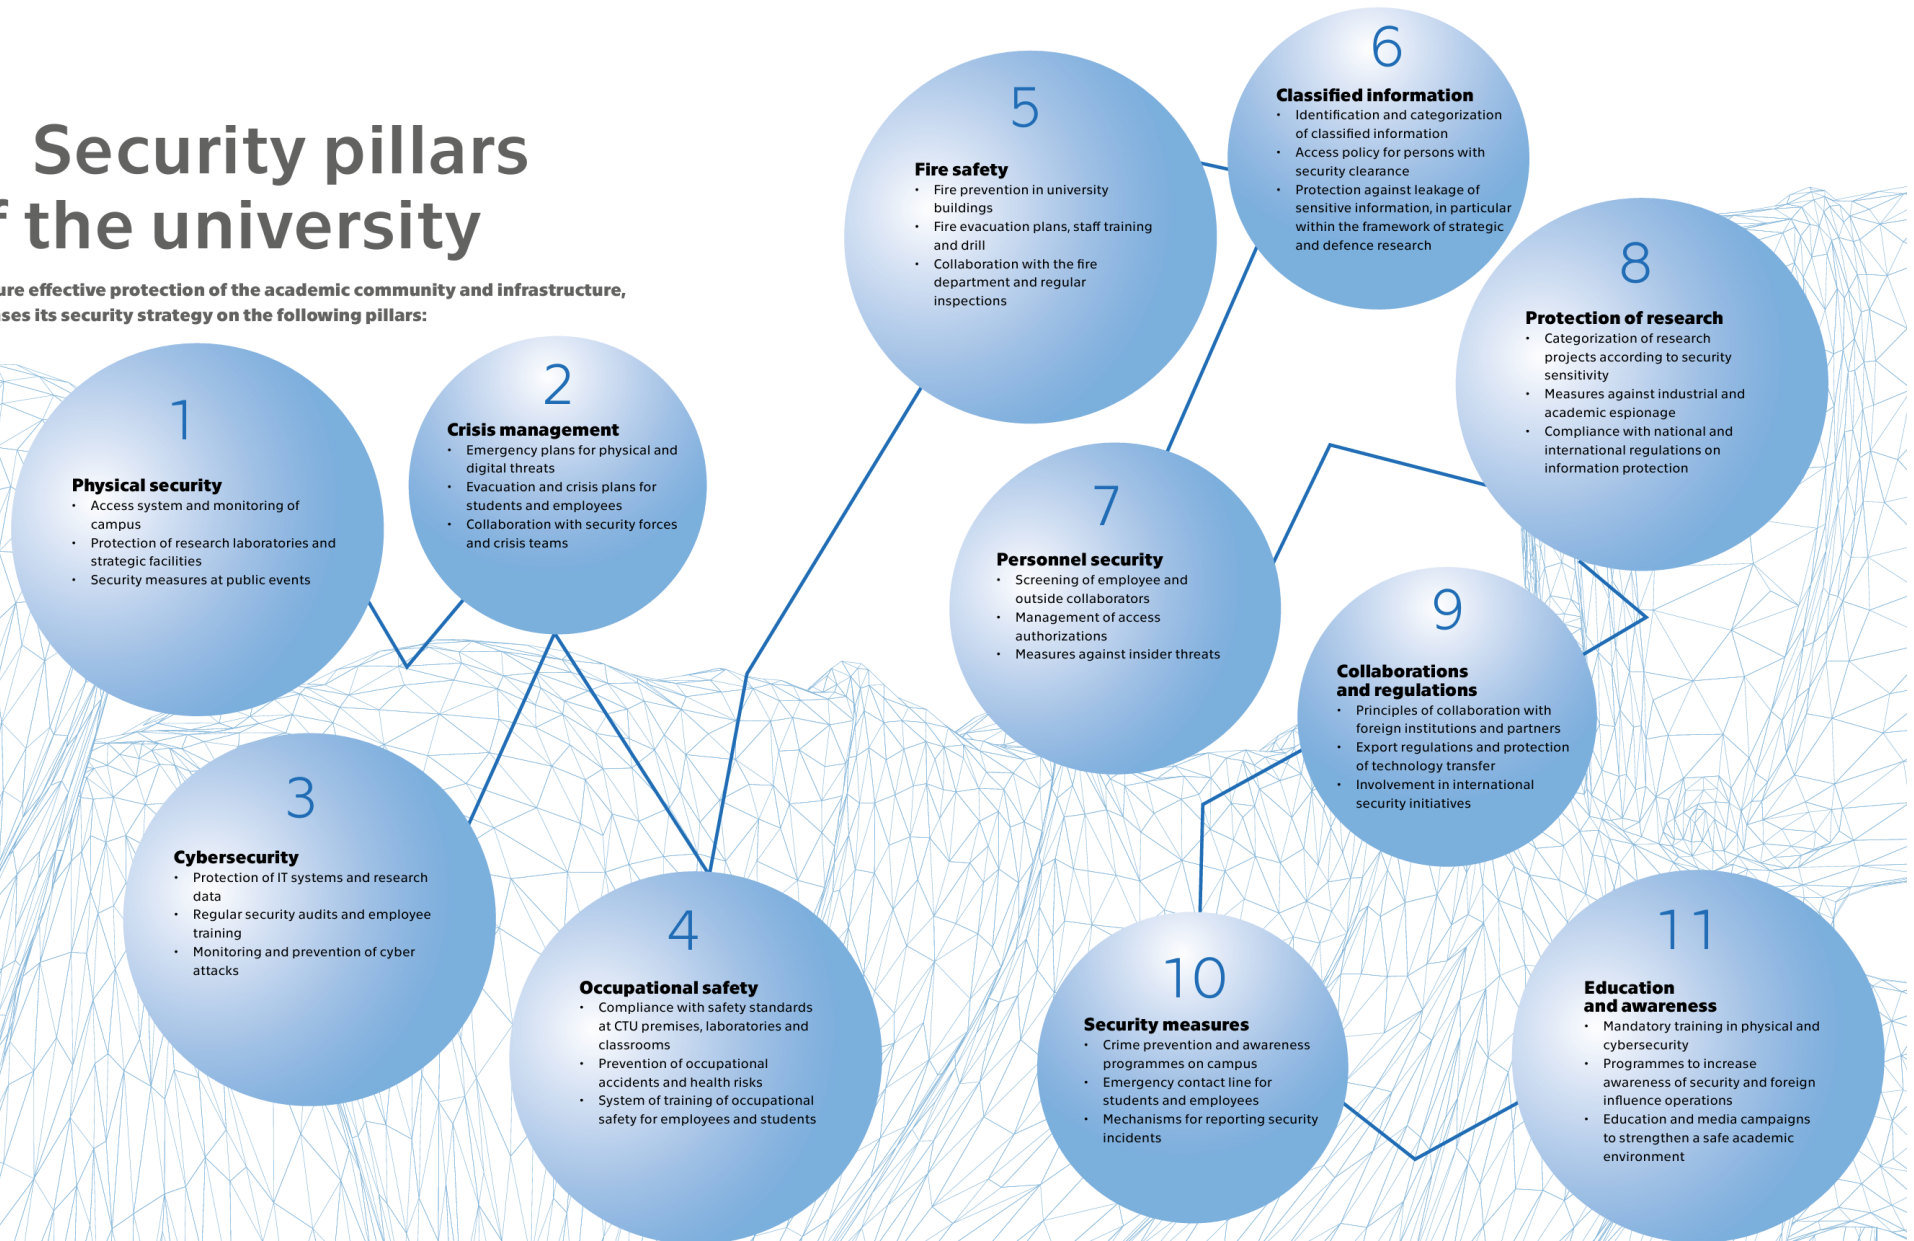

CTU - Breakup of revenues (simplified)

Security pillars of the university

To ensure effective protection of the academic community and infrastructure, CTU bases its security strategy on the following pillars:

PhD programs accredited in English @ 8 Faculties and Klokner Institute

50 programs including
45 in English

1560 PhD students
Of these 65 in English

Outgoing_1023

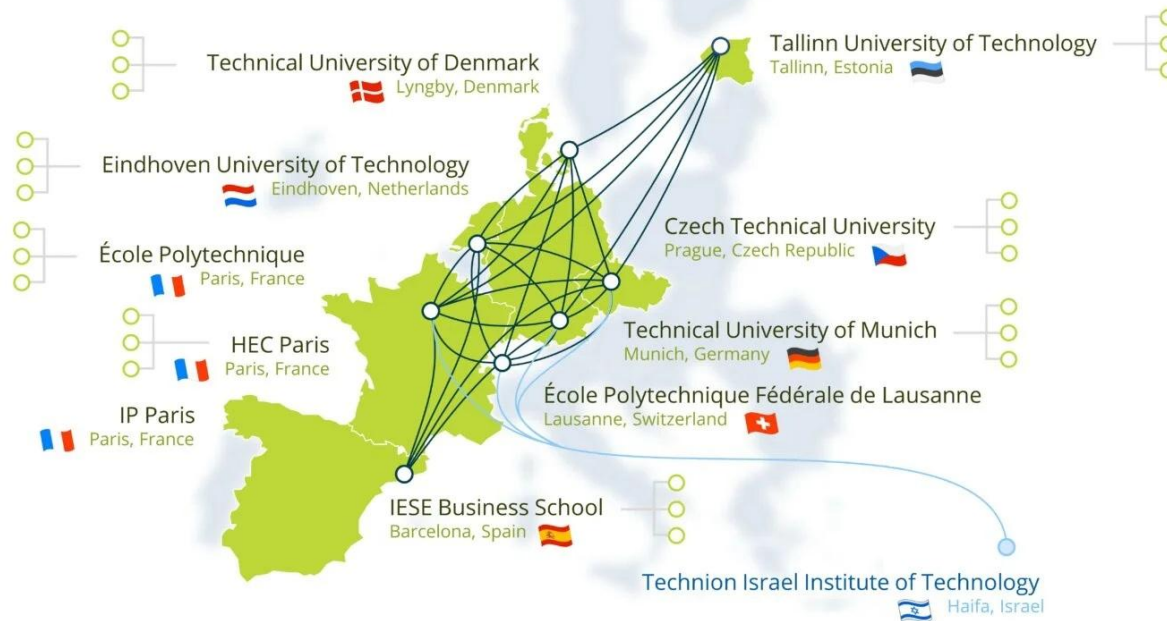

5.1.1 R&D&I capacities of HEI in the year of evaluation

Field of Research	FORD	FORD share [%]	Predominant type of research
1. Natural Sciences	1.1 Mathematics	4,4	Basic research
	1.2 Computer and information sciences	15,43	Balanced basic and applied research
	1.3 Physical sciences	12,2	Balanced basic and applied research
	1.4 Chemical sciences	1,46	Balanced basic and applied research
			Balanced
	1.5 Earth and related environmental	1,82	and applied

Recommendations 2020

- PhD – maximum allowed time shortened by one year (7 → 6)
- Habilitation criteria amended
- Sixty-one amendments to the existing Internal CTU Regulations, as well as eight new ones, have passed through the Senate and registered by MEYS.
- Focusing on basic research – not much progress
